## **Complete Organic Fertilizer Recipe**

4 parts alfalfa meal  
1 part dolomite lime  
1 part rock phosphate OR ½ part bone meal  
½ part kelp meal

Recipe is by volume, not by weight. Combine ingredients in a suitable container with a tight-fitting lid. Mix well. Store in a cool, dark place.

### **To use:**

#### **Indoor planting:**

- **For moving up young seedlings**
  - Mix 1 cup of complete fertilizer in a dish tub amount of soilless mix
  - Mix ½ cup of complete fertilizer in a dish tub amount of soil with added compost

#### **Outdoor planting:**

- **For direct seeding:** make a deep furrow, sprinkle in the fertilizer, cover with some soil, sow seeds and cover with more soil.
- **For seedling transplants:** mix a handful of fertilizer into about a shovelful of soil below the seedling.
- **For transplanting mature plants:** mix 1 cup (250 ml) of fertilizer into the transplant hole along with some compost or well-aged manure.
